It is my belief that until you see what you got, how do you know what you want? Therefore I have put together a system to allow you to choose your wedding package after you see what you have to work with, and know exactly what your budget will allow. My system also allows family and friends to choose prints for themselves at the same low price as you if their order is placed with yours.

All weddings are complete coverage which includes-pre-ceremony, ceremony, formal alter portraits, location (weather and time permitting) and reception highlights.

I require one-half package deposit at booking (this reserves the day) and the balance paid before the wedding.

Deposit is non-refundable.

My custom prints are of the finest quality available, video analyzed, and color corrected, because I only get prints developed from individuals who are experts.
